Summary

Final year Bachelor of Science in Information Technology student at North-West University with a strong interest in software development, database systems, networking, and business analytics. Experienced in designing and developing software applications using Java, C#, SQL, C++ and JavaScript through academic projects. Passionate about solving real-world problems using technology, eager to learn new technologies, and committed to delivering high-quality solutions. Seeking an internship or graduate opportunity where I can apply my technical knowledge while continuing to grow as an IT professional.

Skills

TECHNICAL SKILLS

- C#
- Java
- python
- SQL

SOFT SKILLS

- Problem solving
- Teamwork
- Critical thinking
- Willingness to learn

Languages

English

Sesotho

Professional Experience

Currently seeking my first professional opportunity. Practical experience has been gained through university projects involving software development, databases, object-oriented programming, systems analysis, and collaborative assignments.
